

# PulseCare Safeguarding of Vulnerable Adults SoVA

## **PULSECARE SAFEGUARDING OF VULNERABLE ADULTS**

It is an unfortunate fact that adults in social care are vulnerable to abuse or neglect and are less able to keep themselves safe. It is our job to ensure the safety and dignity of these adults.

**PulseLearning** creates learning solutions that bring measurable business value to our clients. We achieve this through a high-energy, client-centric approach that combines excellence in people, process, partners, technology and innovation.

The **PulseCare** solution from **PulseLearning** was custom-created for care organisations. Our solution provides a complete education and training solution that overcomes the day-to-day barriers to achieving SoVA compliance. These barriers include dispersed workforces, high employee turnover and non-native speakers.

The **PulseCare** SoVA course goes beyond making your employees compliant with the SoVA Knowledge Sets issued by Skills for Care in February 2007. Our course educates learners to the obligation they have to keep our vulnerable adults safe while encouraging the development of uniquely person-centred care plans.

The SoVA course from **PulseLearning** provides the foundation knowledge required by your employees working with adults in social care. This course is aimed at all professionals working in care to bring about an awareness of the subject and provide them with the skills needed to safeguard the rights of adults in their care.

Our **PulseCare** solution leverages the highly accessible nature of the Web to reduce the time and cost associated with training. The **PulseCare** solution is available to your employees whether they are currently online or not. In line with your needs, our solution may be supplemented by a variety of tailored components, including quarterly Web seminars with leading industry experts and on-site consultancy.

## **COURSE CONTENT**

Our 1.5-hour SoVA in Care course includes:

- ▶ Roles and Boundaries
- ▶ Danger, Harm and Abuse
- ▶ Social Norms, Values and Perceptions
